

Capacitive sensor ATEX

Capacitive sensor ATEX

- Use together with valve unit for level detector (0124051).
- In compliance with ATEX.
- Stops the conveyor when level in receiving vessel is reached.

Technical data

Description	Unit	Value
Material		EN 1.4305, PTFE
Temperature range	°C	-20-90
Weight	g	440
Cable		5x 0.34 mm ² L=3m
Voltage	V	10-30 V DC
Safety classification		IP67
Current	mA	max 200 mA

Ordering information

Description

Art. No.

Capacitive Sensor M32 5-wire DC PNP ATEX

0124099
